Privacy: MyPad only accesses user data when the application is running. In order to offer some of the features without a re-login prompt, users need to allow offline permission. Your information is not being collected or saved. We are adding Privacy settings shortly in order for you to control application access.

# Facebook

- Facebook for iPad & iPhone

## Facebook for iPad

With high-res photos, games, chat and more, now you can get the best of Facebook—on your iPad.

- Enjoy bigger, better photos: Your photos are high-res and easy to flip through, like a real photo album
- Navigate anywhere, fast: Just tap, slide or pinch to move from one screen to another
- Play games on the go: Access your favorite Facebook apps and games, wherever you are
- Focus on what matters: Zoom in on your friends' photos, updates and stories
- Never lose your place: Share a photo, update your status or send a message without leaving News Feed
- See who's nearby: Check out the Nearby map to see what your friends are up to

## Facebook for iPhone

Facebook for iPhone lets you stay connected and share with friends on the go. Start a chat, keep up with friends' photos and status updates, look up a phone number, upload photos to Facebook and more—right from your iPhone.
